Sir :—

With reference to your docket no. 10970/54-98 dated 22nd Ultimo, I have the honor to submit herewith a statement showing the probable estimated income under each head, of the articles upon which Octroi duty is proposed to be levied in the Kolar Town Municipality

2. On a reference to records I find that the late Chief Commissioner has already sanctioned the levy of the Octroi duty on almost all the articles now proposed. Please see the marginally noted correspondence. But it was abolished under the instructions conveyed in para 2 of the Govt Pro. No. 2976-9/95 dated 22nd August 1885 On a reference date

dated the 26th May 1899 re the introduction of Octroi duty on certain articles in the town of Kolar, and the Establishment proposed to be entertained for the collection and Supervision duty, I have the honor to state that the rate of 2 pies per bundle of 100 leaves may be adopted for Kolar also as suggested in the above Government Proceedings.

As the Daroga has enough of Municipal works to attend to in the town it is not feasible to entrust him with the additional work of Octroi Collection and Supervision work. The Board — Municipal after careful consideration

recommend for the entertainment of one manager on Rupees 15, a Moonshi on Rupees 10, six peons at Rupees six each and contingence at Rupees 2 per mensem, which aggregate Rupees 756 per annum.

I therefore request that sanction of Government may be obtained for the same.

An extract of the Board's resolution duly at a meeting held on the 30th June is herewith submitted for information.

Govt Geo No 13367/Dg 54-98 dated 26 may 1899 requesting to inform whether the rate of 2 pice per bundle of 100 betel leaves may not be adopted and whether the Daroga may not be entrusted with the work of supervising the retail collections so as to obviate the necessity for the employment of a manager and whether a smaller number of peons than 12 is not sufficient for the present

Resolved (1) That the rat

of 2 nos per bundle of 100 betel leaves be adopted. (2) That as the Daroga has at present more work than he can do, it is not feasible to give him the manager's work in addition. (3) That for the present only 3 posts may be tried viz one on the Bowringpet road, one on the mulbagal road and one on the Seemivasapura road entailing the employment of 6 peons only + cutting down the expenditure to Rs 756 per annum instead of Rs 1188. which the Board trusts that the Govt will sanction as a temporary measure until it is seen how the actual income from this source works out
